| Event    | Intelligent data mining  |                               |                          |
| Location | Department of Information Engineering, I-Shou University   |                               |                          |
| Category | Professional   | Sub-Category                  | Professional Development |
| Speaker  | Name   | Prof. Tzung-Pei Hong (洪宗貝 教授) |                          |
|          | Affiliation  | 國立高雄大學資訊工程系                   |                          |
| Photo    |  <p>The top photograph shows a large projection screen in a lecture hall. The screen displays a slide titled "洪宗貝 特聘教授" (Prof. Tzung-Pei Hong, Special Appointment Professor). The slide lists his current and past positions at various universities, including National Kaohsiung University of Applied Sciences, National Sun Yat-sen University, and National Tsing Hua University. It also lists his research areas: Artificial Intelligence, Computer Design, Data Control, and Information Systems. Logos for SMC (Systems, Man, and Cybernetics Society) and IEE (IEEE Tainan Section) are visible at the bottom of the slide.</p> <p>The bottom photograph shows Prof. Tzung-Pei Hong standing at a podium on a stage, addressing an audience. He is wearing a dark jacket and glasses. Behind him, a screen displays a slide titled "Intelligent Data Mining" with his name and contact information: Prof. Tzung-Pei Hong, National University of Kaohsiung, tphong@nuk.edu.tw. The slide features a yellow background with a pencil and a wavy line graphic.</p> |                               |                          |
